

## Android – Skype for Business Installation Guide

### Installing Skype for Business

- Click the **App Catalogue** icon on the device home screen.

- Click **Install** on Skype for Business.

- Confirm installation → **Install**.

- Once directed to the Google Play Store, click **Install**.

The application will start to download and a password is not required.

- Click the **blue arrow** to proceed with the download.

- Once downloaded, return to the device **Home Screen** → **Skype App**.

The following security requests may appear.

- Select **Allow** for all → **Accept** terms and conditions.

- Click the **blue arrow** to continue with Skype set up.

## Setting up Skype for Business Account

- Enter the NHS work email address → **Advanced Options**.

- In the username tab, enter the correct **domain/windows account username**.

To log into the **MCTDOM** domain, enter **MCTDOM\Username**: (typically anyone in Local/Secure Divisions and corporate functions within Mersey Care)

To log into the **XMERSEYHC** domain, enter **XMERSEYHC\Username**: (typically Community Division for Mersey Care and other local trusts or organisations such as CCGs)

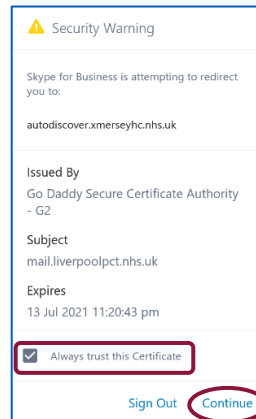

- Click the **blue arrow** at the top, left of the screen to return.

- Enter the **windows account login password** → click the **blue arrow** to move on.

- If prompted, select **Always trust this Certificate** → **Continue**.

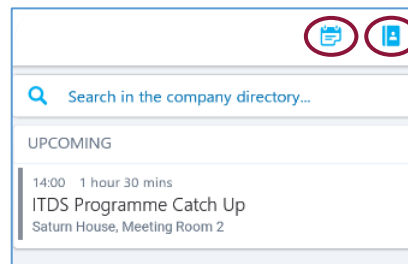

- Enter the **work mobile number** → click the **blue arrow** to move on.

Skype for Business set up should now be complete.

- Swipe through the 3 information pages → click **blue arrow** in right hand corner of screen.

Use the two icons in the top right hand corner to navigate around **Calendar** and **Contacts**.
